

51/758/8103 ABP/BIO

**Regulation (EC) No. 1069/2009 of the European Parliament and of the Council of 21 October 2009 laying down health rules concerning animal by-products not intended for human consumption**

**The Animal By-Products (Enforcement) (England) Regulations 2013  
The Animal By-Products (Enforcement) (Wales) Regulations 2014**

**Temporary Approval of Composting or Biogas Plant for Validation Purposes**

1. In accordance with Regulation 14 of The Animal By-Products (Enforcement) (England) Regulations 2013/The Animal By-Products (Enforcement) (Wales) Regulations 2014, and Articles 24 and 44 of Regulation (EC) No. 1069/2009, the Secretary of State/Welsh Ministers approves:

Name of Operator	Corrboard Bioenergy Ltd
Address of approved premises	Normanby Enterprise Park Waldo Way SCUNTHORPE Lincolnshire Postcode DN15 9GE
Name of Individual Company Address	As above  Postcode

to operate a biogas plant on the premises to treat Category 3 animal by-products, including catering waste and permitted Category 2 in accordance with the Annex.

2. Samples of the treated product shall be taken daily, during 24 consecutive days, to obtain a total of 12 samples from each pasteuriser, at the post pasteurisation sampling point (after the time/temperature parameters have been achieved) and tested for *Salmonella* and *E. coli* or Enterococaceae.

3. N/A

4. Until the initial part of the validation process has been successfully completed and written permission to allow the digestion residues to be applied to land has been received from an Officer of Animal and Plant Health Agency (APHA), the digestion residues shall be stored on site, disposed or by incineration or, for material derived from Category 3 catering waste, disposed of in a licensed landfill site.

This approval is valid from 19/08/2019 to 19/11/2019.

Dated 16/08/2019

## Annex

1. Feedstock must be treated in pasteurisation tanks 1 or 2 at minimum temperature 70 C for at least one hour, with a maximum feedstock particle size of 12mm

## Notes

1. All the conditions of The Animal By-Products (Enforcement) (England) Regulations 2013/The Animal By-Products (Enforcement) (Wales) Regulations 2014 and Regulation (EC) No. 1069/2009 and Regulation (EU) No. 142/2011 must be complied with.
2. In the event of an unsatisfactory bacteriological result, APHA must be informed immediately and the procedure in the HACCP plan followed.
3. Changes to the ownership, address or operation of an approved animal by-product premises must be notified to APHA at the above address.
4. Processed (rendered) material derived from Category 1 material may not be treated in a composting or biogas plant. If other processed material is treated in a composting or biogas plant, it must have been produced by:
  - (a) processing Category 2 animal by-products by method 1 in an approved processing plant;
  - (b) processing Category 3 animal by-products by one of methods 1-7 in an approved processing plant.
5. The following Category 2 materials can be used in compost and biogas plants without prior processing:
  - manure
  - digestive tract and its content
  - milk
  - milk based products
  - colostrums
  - eggs and egg products which the competent authority does not consider to present a risk for the spread of any serious transmissible disease.
6. The following Category 2 materials can be used in compost and biogas plants without the need for pasteurisation:
  - manure
  - digestive tract content separated from the digestive tract
  - milk
  - milk based products and
  - colostrum which the competent authority does not consider to present a risk for the spread of any serious transmissible disease.

APHA is an Executive Agency of the Department for Environment, Food and Rural Affairs and also works on behalf of the Scottish Government, Welsh Government and Food Standards Agency to safeguard animal and plant health for the benefit of people, the environment and the economy.
